

MYCRICKET LIVE SCORE APP – SCENARIOS

SCORING – All scoring happens at the scoring bar down the bottom, and each ball will populate on the right-hand side.

EDITING – Each ball has an edit symbol assigned to it – open that to edit that ball. Any changes to runs you make here will flow ...
YOU MUST CHANGE THE STRIKE BATTER FOR FOLLOWING BALLS.

UNDO – Blue symbol– goes right back to the 1st ball of the innings

VIEW SCORECARD – Top right corner, use this for all scorecard edits other than the UNDO method.

CHANGING BATTERS / BOWLER DUE TO ERROR / INJURY – Select their name on your scoring screen and follow the change prompts. Select the correct player and all recorded balls will flow through.

RETIRED BATTERS – Select their name and Change Batter. Select the new batter and when prompted, choose “Retiring Not Out”

CHANGE STRIKE – Select one batter, and Change Strike

WICKET – Select the red button and follow the prompts. You will be taken back to the live screen and confirm wicket with a TICK

RUN OUTS – Record the wicket and ensure the top menu (Batter Out) lists the correct player run out. You will be taken back to the live page and can **ADD RUNS** by selecting the value, then TICK

NO BALL + RUNS – Always select No Ball first then add Bye / Leg Bye if applicable, followed by value of Runs scored.

WIDES – A standard Wide recorded with the TICK, but when additional runs are scored the Wide value needs to be included. If batters run, enter the total value for the WIDE and RUNS

WICKET OFF EXTRAS – Record the Extra including values, then select WICKET and complete details. Confirm all with the TICK.

PENALTY RUNS – Located at the 5+ scoring option

CONFIRM BALLS OFF / ON – Match Settings menu in the top right

LATE TEAM SELECTION – Add players via the menu in the top right

UNKNOWN PLAYER – Add at Team Selection and score normally

END INNINGS – Select Match Actions at the bottom and close innings (select Close Innings Type as All Out or Compulsory Close) then select Done in the top right. You will be asked to confirm.

NEXT INNINGS – From the blank screen select New Innings (located next to the red icon) and follow the prompts.

END MATCH – Match Actions – End Match and follow the prompts. Once scorecards are checked select Done in the top right and choose save and exit (if offline) or Finalise to sync the result.
